BSB41412 Certificate IV in Work Health and Safety

What is the course about?
The Certificate IV in Work Health and Safety focuses on developing risk mitigation strategies for the workplace, and provides you with the skills and knowledge to implement these strategies in accordance with the legislation requirements.

Who should do this course?
This qualification is suitable for people working in a work health and safety (WHS) role or who wish to transition into one.

Why should I do this course with ETAS Group?
ETAS Group uses its 20 years’ experience working with mining and construction organisations to contextualise qualifications to meet your business requirements. Our courses maximise class time – meaning minimal or only essential criteria need to be completed outside of class.

This leads to instant return on investment as outcomes are immediately achieved while providing minimal disruption to production related activities.

When and Where is the course run?
Perth Based Training: ETAS Group delivers the Certificate IV in Work Health and Safety ‘face-to-face’ at our training rooms in Osborne Park over nine days – broken into three x three day blocks.

Onsite at your workplace: We are able to work with your team to develop a schedule that works for you (minimum numbers apply).

Can I apply for Recognition of Prior Learning or Credit Transfers?
Yes! If you feel you may be eligible for recognition from the formal or information learning you have undertaken – please contact our team prior to enrolling.

How do I enrol?
You can enrol online on our website www.etasgroup.edu.au or email courses@etasgroup.edu.au

Participants that successfully complete this program will be awarded the Certificate IV in Work Health and Safety (BSB41412)
